

May 25, 2000

Dear Mr. Levitt:

Please let the consumer know  
by companies <sup>1432</sup> that <sup>JUN 12 12:36</sup> bottled water are  
not required to provide consumers  
the same reports that public water  
utilities do. It is so obvious that  
such regulations <sup>should</sup> be in place that  
one wonders why not.

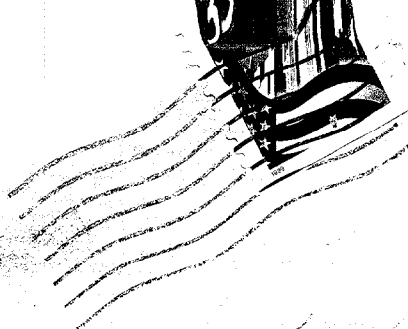

Come on FDA do your job.

Sincerely  
Rosa C. Schenman
